

CUP POLAND Marcin Ogiński implements a project which co-financed through the European Regional Development Fund under Priority 1 – Creating conditions for development of innovative potential and entrepreneurship in Mazovia, Measure 1.5 Development of entrepreneurship of the Regional Operational Programme of the Mazovian Voivodeship 2007-2013, entitled ***“Improving competitiveness of CUP POLAND Marcin Ogiński through the implementation of innovative solutions in the company’s manufacturing activity”***.

The project was implemented in the period from July 2012 to December 2013.

Under the project, the company purchased two modern machines comprising a processing line which enables the implementation of an innovative printing technology, thanks to which the company was able to extend its offer by new product groups and at the same time improve the quality of products manufactured so far.

Project value: PLN 1,044,543.76

Co-financing: PLN 422,003.31

Project co-financed by the European Union through the European Regional Development Fund under the Regional Operational Programme of the Mazovian Voivodeship 2007-2013 and from the state budget.
